

## **FAB BITS-N-TIPS – WEEK OF 4 JUNE 2012**

### **How to Look Stunning this Summer**

*You want to keep cool, but you like looking good too. You want to be stylish and fashionable by wearing the latest trends tailored to your unique look. Use these tips to look stunning in the summer and stand out from the crowd.*

1. Dress for success and wear black for power meetings. Wear a short black skirt with a white cropped blouse and matching high heels for the office. Turn heads in your fashion jeans for the evening or little black dress with spaghetti straps and pumps for night.
2. Wear cool colors like white, yellow and baby blue for summer skirts and sun dresses. You will look vibrant like a garden flower wearing these pastels.
3. Look stunning in white. Wear white pants, tops and capris for an eye catching yet casual outfit. Wear white sun dresses and skirts for a look that will turn heads. White looks good on most people and the crispness of it creates a stunning look.
4. Add accessories like fashionable sunglasses and jewelery. You'll look tres chic with a matching purse. Wear matching sun hats to add pizazz to your outfit.
5. Choose shoes in colors that accent your outfit. Choose spiked heels, open toed sandals, colored flip flops or golden shoes in any style.
6. Buy a bathing suit that highlights your body's assets and covers up your flaws. Pick a color that suits your body tone.
7. Wear lip gloss that protects your lips and looks luscious. Use waterproof mascara to highlight your eyes without worrying about the mascara melting in the heat or smearing in water.
